GENERAL

6. The Crown and the defence are being encouraged to make full use of the *Plea Negotiations and Agreement Act, 2017*.
7. Except for guilty pleas, the entry of *nolle prosequi*, and the Crown offering no evidence against defendants, criminal trials during the currency of this Practice Direction will not involve more than three (3) defendants. 10. It is expected that judges, counsel, and all court users will engage best practices regarding case management so that effective caseflow principles can be effected and maintained.
11. Effective case management and caseflow management require that dates for future action including for trial will be realistic and that no more cases than can reasonably be accommodated on a given day are set down, whether for mention, case management, or trial.
12. The purpose of paragraphs 10 and 11 is to maximize the use of judicial time, the time of litigants, witnesses, police officers, probation officers, attorneys-at-law and any other person involved in the judicial process so that they do not attend court unnecessarily.

14. Where, in the opinion of the judge, the remote hearing cannot be conducted efficiently and is proving to be too inconvenient to the court, the remote hearing shall cease and the attorneys-at-law will be required to attend court in person on the date and time fixed for the hearing.
