MOTORISTS TICKETED IN ST. CATHERINE FROM FEBRUARY 1, 2018 TO PRESENT ARE ENCOURAGED TO CLEAR OUTSTANDING TRAFFIC TICKETS

Kingston, Jamaica — Motorists with outstanding traffic tickets issued in the Parish of St. Catherine are being urged to take immediate action as the Judiciary of Jamaica intensifies its drive to reduce the traffic backlog and improve service delivery in the Parish Courts.

The Judiciary will host a Traffic Ticket Public Day at the St. Catherine Parish Court on Wednesday, March 4, 2026, giving eligible motorists a structured opportunity to have outstanding matters addressed. Motorists who received tickets in the parish from February 1, 2018 and onwards and missed their court date are encouraged to register to have their matters brought before the court.

The Honourable Mr. Justice Bryan Sykes, Chief Justice, noted that the Traffic Court Public Day in St. Catherine is part of a wider national effort to strengthen court operations and establish approaches that can be replicated across the island. “With the success that we have had in Kingston, and hopefully St. Catherine and soon in St. James, we will be able to do the same, not just for traffic courts across Jamaica, but other services that we provide.”
